## FLEMISH SCHOOL 17TH CENTURY

### Portrait of a Gentleman with a Chain

57.3 x 43 cm (22 1/2 x 16 7/8 inches)

Oil on Canvas

Flemish School, 17th century

A very nice portrait (bust) of a richly dressed man with a golden chain inserted with gemstones and a medal. The type of collar is typical for the Spanish fashion of that time.

The oval window (cut corners) generate a trompe-l'oeil-effect which gives more depth and movement to the portrait.
